

Therapeutic Play Conversation Starters

Hello
there!

Use open-ended questions like these to begin meaningful discussions with your child:

- How do you think FACTOR FRIEND™ feels today?
- What might FACTOR FRIEND be thinking right now?
- What can FACTOR FRIEND do about that?
- Why do you think this happened?
- How could FACTOR FRIEND do that another way?
- What do you think would happen if...
- Why don't you tell me about...
- What else could we use this for?
- How do you think this works?
- I noticed... Why?
- What do you think about that?
- What did you learn from that?

Visit [MyFACTORFRIEND.com](https://www.myfactorfriend.com) for more information about therapeutic play and Takeda's Therapeutic Play Kit.
